

Curriculum Vitae

1. PERSONAL DATA

Motamed Sandrine, born December 14th 1970 in Geneva. Swiss nationality.

Professional addresses:

- Faculty

Institute of Global Health (IGH) - former Social and Preventive Medicine (ISPM)
University of Geneva. Biotech Campus. G6.02. Chemin des Mines 9, 1202 Genève
Email: sandrine.motamed@unige.ch
<https://www.unige.ch/medecine/isg/fr/collaborateurs/>

- Association

Geneva association for community development
[Association genevoise pour le développement communautaire]
Rue Adrien-Lachenal 18, 1207 Geneva
Email: s.motamed@developpement-communautaire.org
www.developpement-communautaire.org

- Medical practice

Medical Center Grand-Saconnex
Rue du Sonnex 23, 1218 Le Grand-Saconnex
<http://cmgs.magellan.ch/>

2. PRESENT POSITIONS

Senior Lecturer [Maître d'enseignement et de recherche], since 2010

IGH, Department of health and community medicine, University of Geneva

In charge of the collaboration (research and teaching) with Hokkaido University and Nitobe College, Sapporo, Japan, since 2013. Previously Adjunct Associate Professor, 2010-2013. Department of Global Health, Faculty of Medicine, University of Hokkaido and visiting Professor in 2016.

Director, since 2015

Geneva association for community development
[Association genevoise pour le développement communautaire]

Physician in private practice, since 2015

General internal medicine and prevention and public health, Medical Center Grand-Saconnex, Geneva
Former chief resident, Geneva University Hospital (HUG)

3. DIPLOMAS

Secondary school

1990 Maturité (in sciences), Geneva

University

1996 Competence in Managing field laboratories in tropical regions, Faculty of Medicine, Geneva

1998 Certificate in tropical medicine, Faculty of Medicine, Geneva

Thesis title: Qualité bactériologique de l'eau des puits d'une circonscription sanitaire, Grande Mefou, Cameroun.

[The bacteriological quality of wells in a sanitary district, Grande Mefou, Cameroon.]

1998 **Swiss Federal Doctor's Diploma**, Faculty of Medicine, Geneva

Post-graduate studies

2000 **Doctor of Medicine**, Geneva

Thesis title: Eau Secours ! Qualité bactériologique de l'eau de boisson des petites communautés rurales, Grande Mefou, Cameroun [Help! The bacteriological quality of drinking water of small rural communities, Cameroon]

2001 Certificate in Traveller's health, Swiss Tropical Institute, Basel

2001 Certificate in Accidents due to venomous and poisonous animals, Swiss Tropical Institute, Basel

2002 Certificate in Water and Sanitation Engineering, ICRC, CHYN, IDS, Geneva

2002 Certificate course in Advanced Trauma Life Support, Geneva

2004 **Specialist FMH in internal medicine** [FMH: Swiss Medical Federation]

2006 **Master of Advanced Studies in Public Health**, University of Geneva and Swiss School of Public Health+

Thesis title: Etude de faisabilité pour la création d'un registre fribourgeois des tumeurs. [Feasibility study for the creation of a register of tumors in Fribourg]

2010 **Specialist FMH in Prevention and Public Health**

2018 Certified expert in Assessment of working capacity [Expert certifié en Appréciation de la capacité de travail], Swiss Insurance Medicine

Continuing education

2016 Cours intensif en gestion des fondations donatrices [Intensive course in foundations management]. Center for Philanthropy Studies, WISE, in collaboration with Ecole Polytechnique Fédérale Lausanne (EPFL)

4. TRAINING AND EDUCATION SINCE SECONDARY SCHOOL DIPLOMA

1990-1998: Medical school, University of Geneva

Within the framework of medical studies:

August-September 1994

Microbiology, Epidemiology and Public Health, Hôpital Mahosot, Vientiane, RDP Laos

- Creation of the first microbiology laboratory, cooperation between Laotian Ministry of Health, Faculty of Medicine of Geneva and Committee for cooperation with Laos for science and education;
- Study of the aetiologies of infectious diarrhoea in children of the Vientiane region;
- Organisation of the 1st Lao medical congress on infectious diarrhoea, Vientiane;
- Household investigation of the prevalence of infectious diarrhoea, suburbs of Vientiane.

June-July 1995

Infectious paediatric diseases, Ste-Justine Hospital, Montréal, Canada

1996-1999 (5 visits)

Tropical medicine, Public health, Management of water and sanitation, Cameroon

- Gynaecology and obstetrics, Hôpital central, Yaoundé;
- Bacteriological analysis of water pump wells in dry and wet seasons, followed through 3 years, Grande Méfou;
- Adaptation and validation of the health inspection score (of the WHO) of water pump wells, Grande Méfou;
- Validation of a water pump well disinfection technique (chlorine), Grande Méfou;
- Focus group on drinking water needs and acceptability of a solar water disinfection technique (SODIS), Mekomba;
- Bacteriological analysis of all drinking water (wells, rivers and backwaters) of a small local community, Mekomba;
- Setting up of a solar water disinfection technique (SODIS), bacteriological quality control and follow-ups after 7 days, 1 month, 6 months and 5 years, Mekomba;
- Study of the impact of manipulation on the bacteriological quality of well water from drawing to consumption, Mfou;
- Training of three health technicians in the bacteriological analysis of water by membrane filtration (Institut Pasteur, Coopération Cameroun Jura Suisse and Ministry of Health), Yaoundé;
- Teaching of hygiene, water and sanitation to health agents of the Grande Méfou, Mfou.

5. PROFESSIONAL ACTIVITIES 1998-2016

As Medical Intern (postgraduate training) 1998-2004

April 1998-September 1999

Emergency and Internal Medicine, Hôpital de la Tour, Geneva

October 1999-September 2000

Intensive care, Cardiorespiratory unit, Cardiovascular and digestive surgery, Hôpital de la Tour, Geneva

October 2000-September 2001

Intensive care, Cardiorespiratory unit, Hôpital de la Tour, Geneva. 75%

Flying doctor (Learjet) for international repatriation on medical grounds. International SOS. 25%

October 2001-September 2002

Intensive care, Cardiomobile, Internal medicine, Hôpitaux Universitaires de Genève (HUG)

October 2002-September 2004

Internal medicine, HUG. 50%

October 2004-December 2005

Public Health ISPM (working towards the Diploma of Public Health). Formal activity 10%, 30% from October 2005

- Water and sanitation (Solar Disinfection, SODIS);
- Feasibility study for the creation of a register of tumors in Fribourg;
- Alimentation of elderly people;
- Developing the center of Meinier village and its intergenerational site;
- Organization of community discussions and exhibitions on the subject of health.

As Chief Resident (Medicine) 2004-2014

October 2004-September 2005

Community medicine*, HUG. 90%

- Outpatient investigations
- Outpatient emergencies
- Primary care
- Teaching: Under- and post-graduate outpatient medicine, trainer in cardio-pulmonary reanimation

(*Department of community medicine, primary care and emergency medicine since 2012)

October 2005-March 2006

Community medicine, HUG. 70%

- Prison doctor
- Outpatient emergencies
- Teaching: Under- and post-graduate outpatient medicine, trainer in cardio-pulmonary reanimation

April 2006-March 2007

Community medicine, HUG. 50%

- Outpatient investigations
- Outpatient emergencies
- Primary care
- Teaching: Under- and post-graduate outpatient medicine, trainer in cardio-pulmonary reanimation

April 2007-September 2007

Community medicine, HUG. 50%

- Primary care
- Outpatient emergencies
- Teaching: Under- and post-graduate outpatient medicine, trainer in cardio-pulmonary reanimation

October 2007-August 2009 Community medicine, HUG. 50%

- Primary care
- Medicine for migrants
- Outpatient emergencies

October 2010-November 2011 Community medicine, HUG. 50%

- Clinical pharmacology
- Outpatients emergencies
- Medicine for migrants
- Teaching: Under- and post-graduate outpatient medicine

December 2011-November 2013 Community medicine, HUG. 50%

- Primary care
- Teaching: Under- and post-graduate outpatient medicine

December 2013-October 2014 Community medicine, HUG 50%

- Community geriatric
- Teaching: Under- and post-graduate outpatient medicine

As Scientific Chief Resident (Public Health) 2006-2010

January 2006-April 2007 Public health, ISPM, Geneva. 30%

May 2007-August 2009 Public health, ISPM, Geneva. 50%

September 2009-July 2010 Public health, ISPM, Geneva. 10%

As Senior Lecturer [Maître d'enseignement et de recherche] 2010-

August 2010- Public health, ISPM**, Geneva. 50% (10% since 2015)

**ISPM became Institute of Global Health in 2015

Service and counseling activities: Development of the village of Meinier.

Town planning conception of the intergenerational habitat.

Teaching: see section 6

Research: see section 7

As Adjunct Associate Professor

2010-2013 Public Health, Japan

Department of Global Health, Faculty of Medicine, University of Hokkaido, Sapporo.

International collaboration with University of Geneva. Research and teaching. Unpaid position.

6. TEACHING

Teaching sessions written in bold are formal programs of more than one hundred hours per year, with inscriptions and fees (for continuing education).

Pregraduate (University of Geneva)

2004-2014

- Apprentissage en milieu clinique, médecine communautaire et de premier recours (introduction, problèmes et séminaires). Approximately 10 hours per year depending on the service needs.

2008-2013

- **Personne, Santé, Société**: 2 hours per year (until 2013), in collaboration with Pr Rougemont

2008-2016

- **International Health and Tropical Medicine** [Santé internationale et médecine tropicale]. Course coordinator (until 2013) and senior lecturer. Approximately 20 hours of teaching per year. In charge of international health examination test and follow-up of memoirs.

2008-

- **Community Immersion course**. Group tutor. Immersion en communauté (group tutor).

2017-

- **Teaching at the medical office** (training stations for medical master students) [Enseignement au cabinet médical (stations formatives étudiants de médecine de master)]

Development of teaching material: collaboration in writing problems, exam tests (including e-based, multiple choice questions, and problem-based models).

Post-graduate (University of Geneva)

- Occasional contributions: MAS in public health (ISPM and SSPH+)

Continuing education

2006-2014

- **Certificat en pharmacie communautaire et santé publique** [CAS in Community Pharmacy and Public Health]. Coordination and teaching. Approx. 60 hours per year of teaching.
- Occasional contributions: Certificate in community health (ISPM); Architecture and health (Institute of architecture); Multi-faculty programme of humanitarian action (IDS).

Development of teaching material:

- Videos. One example published online by La Revue Médicale Suisse: spirometry for health professionals: <http://titan.medhyg.ch/mh/formation/article.php3?sid=34349>
- Forum (email based collaborating system for community pharmacists)
- Plays (communication skills)
- References documents (more than 500 pages of solved community pharmacy problems), book in progress.
- *Lu pour vous*. Summaries and comments of relevant articles for primary care physicians published in a column of the Revue Médicale Suisse.

Special Global Health programs with Hokkaido University

2009- 2015

Five workshops in Japan (global health consortium; ageing, declining fertility and sustainable development)

- Teaching and research (global health; ageing and decline fertility; social determinants of health; community participation; health policy; health promotion; globalization and health)
- Designing and implanting collaborative teaching programs

2014-

Development of a multidisciplinary program in Geneva for Japanese students of Hokkaido University "Following in the Footsteps of Dr Inazo Nitobe". In collaboration with Prof Tamashiro, Institute for International Collaboration.

- Course coordination (22th-31st March 2014; 27th August-5th September 2014; 15th-24th March 2015; 14th-25th September 2015; 29th February-11th March 2016; 4th-17th September 2016)
- Teaching (social determinants of health, public space public life studies, society medicine, international health, community development, community participation)

2016

Hokkaido Summer Institute

- Teaching (access to water, solar water disinfection system, community participation and health policy)

7. RESEARCH

Community participation and health policy and practice

Town planning and health

Public space public life studies

Community participation and public policies

Ageing and sustainable development

Evolution of health professional profiles

Navigation in the socio sanitary system (health care services improvement)

Multidisciplinary management of chronic conditions (itineraries)

Refractory High Blood Pressure

8. ADMINISTRATIONS (@UNIVERSITY OF GENEVA)

2003-2009 Member of the Faculty Council, University of Geneva, group of teaching and research workers

2005-2008 Member of the Council of the clinical medicine section, HUG

9. HONORS AND AWARDS

Harkness and Careum Fellow, The Commonwealth Fund 2009-2010

10. ACADEMIC SOCIETIES AND FOUNDATIONS

- As a member of the board

Foundation Suisse pour la Santé Mondiale

Association Santé Communauté Genève

- As a member

Swiss Society of Internal General Medicine

Swiss Medical Association

Public Health Schweiz

Association des Médecins de Genève

Société Médicale Genève

11. OFFICIAL POSITIONS

1996-1998 Student delegate to the Committee of federal examinations for the medical professions, as well as the Appeals sub-commission at Berne.

1997-1998 Student delegate to the Ruth Dreifuss work group "Tomorrow's students, teachers and educational establishments. Consequences for graduate medical training" of the Federal Commission for the reform of medical studies.
